Dear Dimitras

**Determination of the Status of Concentrate product to produce Nano4-stone/wood/premiumtextile/textile/shoes**

Thank you for your application to determine if Concentrate product to produce Nano4-stone/wood/premiumtextile/textile/shoes is considered to be hazardous under the Hazardous Substances and New Organisms (HSNO) Act 1996, and if it is covered by an approval under the Act.

Based on the information available and the details you have provided, we wish to advise that Concentrate product to produce Nano4-stone/wood/premiumtextile/textile/shoes is considered to be NON-HAZARDOUS in terms of HSNO and therefore does not require approval.

Yours sincerely
